**Port of Spain is in the beautiful area of Trinidad and Tobago**

.....

**SI Providenciales SIGBI.** Federation Counsellor Sis “Betty” Dean and members of SI Providenciales travelled to South Caicos Island in July this year – 2022 – because **SI South Caicos** had become dormant, due to COVID. However, SI South Caicos has been helped to file returns to SIGBI and is “now back on its feet”.

So, congrats to both clubs and welcome back to Soroptimist International. I expect COVID has caused this problem to other clubs, but I am sure they too will be helped to recover and get back to us.

And as an avid cricket fan I hope COVID has not affected Caribbean cricket!
